SCHOOL BOARD RECOGNITION WEEK

Missourians benefit every day from the dedicated energies and countless hours devoted by a group of more than 3,600 men and women from communities across the state. These public servants are elected by local constituents and do not receive compensation for their tireless efforts. These men and women are the local school board members of Missouri.

During the week of March 6-12, 2022 communities across the state will honor the dedicated service of their local boards of education during School Board Recognition Week. The goal is to build awareness and understanding of the important function an elected board of education plays in communities and schools. All Missouri citizens are asked to recognize the important contributions of these men and women and focus attention on the vital role these public officials play in the education of Missouri's children.

HABIT OF THE MONTH

Our habit for March is Synergize®. At school we say "Together Is Better". When we synergize with others we can do so much more than we can do alone. Ask your student how we use teamwork! How do you synergize at home?
