## GET THE LEAD OUT

In order to be compliant with the Missouri Law known as “Get the Lead Out of School Drinking Water Act,” our district conducted sampling and testing of all potential drinking water sources in the school on December 5th, 2023. A letter from Superintendent Josh Brummit and the results of the water testing have been sent to parent email addresses on file in our student information system. The district has also posted the results on our website, <http://brashear.k12.mo.us/dept/super/AdairR2PB.pdf>.

The district has spent over \$41,000 to date on renovations to our water supply lines and outlets. While we have hand washing sinks and showers that are out of compliance, we will continue to test and remediate as necessary to meet the new standards.

If you would like a copy of the results, please contact the school at 323-5272. Anyone with questions or concerns is encouraged to contact Mr. Brummit.

## DISTRICT REPORT CARD AVAILABLE

State law (Section 160.522, RSMo) requires the Department of Elementary and Secondary Education to produce, at least annually, a school accountability report card for each public school district, each public school building, and each charter school in the state. The reports are designed to satisfy state and federal requirements for the disclosure of statistics about students, staff, finances, academic achievement, and other indicators. The information is compiled from data reported to the Department by local school districts.

The 2023 report card is now available at: <https://apps.dese.mo.gov/MCDS/home.aspx>. Simply Locate District *Adair Co. R-II - 001092* and select *Report Card* from the left hand menu.

If you would like a copy of this data, contact the district office at 323-5272.
