PROPHECY

TIME: Fifteen years from now

SCENE: The world???

CAST: Seniors of BHS '48 - '49

Ditches have improved in the U. S. since Jim Ross has become President of the ditch diggers' union.

Leavitt's Liver Laboratory is continually looking for a cure of liver trouble.

The two Eagen sisters, Wilda and Wilma, own the Two Sisters Taffy Plant. (They had a lot of pull.)

For our convenience, Owen Reeves has invented an Independent Pencil. (It writes by itself.)

Is it a plane?? Hmm-uh. Is it a bird?? Hmm-uh. Is it a man?? Hmm-uh. It's just Alva Shouse. He is known as the fastest talking man in this part of the state. (Excluding Bullion.)

Albert Helton has now made his fourth million and is considering opening a harem in Adair County.

Virginia Angelo (nee Stribling) has just concluded a tour of Northern Europe and Italy, studying the masterpieces of art done by the great artists of early times. (Cave men.)

Ronnie Cupp and Jim Dutton are now working with Bungling Brothers Circus. They are starring in the roles of human bullets and are shot from huge cannons. However, for some un-known reason they have been suffering from slight headaches.

Letha Snowbarger has settled down to a very gay and happy life as an Early European History teacher in Miss Snodgrass' School for Young Ladies.

Eva Gordon is now wrestling in Madison Square Garden. She is a famous mat woman and now holds the champion's crown.

Robertson's Ride-A-Way Rollers for baby carriages have certainly improved riding in buggies for many babies.

Don Mozingo has opened a Business College and guarantees you a good substantial job after only four days of training. (knew he was fast but I didn't know he was that fast.)

Schillie's Shooting Gallery is the hang-out for all sharpshooters.

Betty Hiatt, who carried out all predictions, is still a happily married housewife.

Our own beauty, Geneva Hays, is now working for 30th Century-Wolf in Hollywood. We will always be proud of our candidate for queen when we were Seniors in B.H.S.

The world famous surgeon, Dr. Stanley Taylor, P.U., D.D.T., L.M.N.O. in P.Q. (and other degrees too numerous to mention) is touring the United States after performing an operation on the King of Utopia.

The famous man-about-town, Jack Breen, was a member of our class. His time is now divided between horse-racing and his "Cultured Flea Circus." Jack also has a flair for acting.

Have you noticed Ann Sue Rogers' syndicated sports' column in the city newspapers? She is also on the look-out for a professional baseball player to marry.

Evelyn Shepard, the girl with the "laughing voice," now runs her own night club called "The Laughing Lady."

Phyllis Helm, better known as Madame DuBarry, is now a famous designer of women's clothes. Her speciality is hair ribbons.

Our class Casanova, Mryl Ferguson, has become quite wealthy. His latest marriage was to Hedy Turner, glamorous Hollywood socialite.

Rod Davidson is specializing in raising Florida oranges in California. He is being assisted by a number of Alabama "peaches." As you know, Rod was President of the Florida Chamber of Commerce.

If you're in New York soon, be sure to go to the Waldorf-Astoria Roof to hear music by Bill Persons, His Saxophone, and His Orchestra.
